**TOGLIATTI 2024**

## TOGLIATTI ACADEMY OF MANAGEMENT 1991-2024

### MISSION

The mission of the Academy is to educate and prepare a new generation of modern-minded, educated and professionally trained people who are able to be leaders, understand modern business and management trends, and lead like-minded people to the realization of the intended goal.

The Academy trains young managers and specialists capable of working in the fields of state, municipal, economic, financial, social and communication management, ensuring the effective operation and competitiveness of Russian enterprises and organizations in the global economy.

### ADVANTAGES OF STUDYING AT TAoM:

- General management training: development of leadership and business qualities, self-organization and self-determination in all areas of training
- Practice-oriented technologies (professional workshops, trainings, design and analytical sessions, business games)
- TAoM system of practice work and internships combines the study and work starting from 1st year of study
- Participation of teachers-practitioners and employers in the educational process.
- Up-to-date technological infrastructure
- Location of TAoM campus in ecological place
- TAoM corporate transport

**TAoM goals are** to help students to find their calling and to practice/internship in accordance with the professional aspirations of students.

The system of TAoM internships allows you to study a certain field of activity, gain a foothold in the workplace and accumulate practical work experience by the end of training.

**The principle of the educational process in TAoM – is the technology of practical training includes functional and technical internships, professional and pre-graduate practices.**

Certificate of state accreditation: termless.
